## PROJECTS

---

- **VitaMind:** - VitaMind offers features for personal connection and introspection. It monitors stress levels, provides tips, and includes "Talk to Yourself" and "Get a Buddy to Talk" functions. Find solace and deepen self-connection with VitaMind.
  - **Frontend:** The frontend of this project is created using HTML and CSS, and JavaScript. We've kept the theme of the webpage aesthetic.
  - **Backend:** We've tried to keep the project as a compact one thus JavaScript is only used for some little operations
  - **Cloud Deployment / Hosting:** Firebase is used for Hosting the website on the web and Google Domain Registrar was used to purchase the domain vitamind.dev
